

has specifically denied funds or for a new program or project that has not been authorized by Congress.

(h) ANNUAL REPORT.—The Secretary of Energy shall submit each year to Congress a report on the status of each closure-acceleration project being carried out under this section. The report shall include, for each such project, the following:

(1) provided for the project.

A description of the funding already

(2) decommissioning, stabilization, consolidation, treatment, or removal activities completed.

A description of the extent of the cleanup,

(3) project to the original proposal and the actual cost of the project to the originally proposed cost.

A comparison of the actual results of the

(4) future fiscal years for completion of the project.

A description of the funding needed in

(i) DURATION OF PROGRAM.—No closure-acceleration project selected under this section may be carried out after the expiration of the 15-year period beginning on the date of the enactment of this Act.

(j) SAVINGS PROVISION.—Nothing in this section may be construed to affect statutory requirements for an environmental restoration or waste management activity or project or to modify or otherwise affect applicable statutory or regulatory environmental restoration and waste management requirements, including substantive standards intended to protect public health and the environment, nor shall anything in this section be construed to preempt or impair any local land use planning or zoning authority or State authority.
